DAS & Biz Excellence Specialist | Data Analytics & Solutions | Johnson & Johnson; Kenvue | Seoul, Korea

2025.08 -

As a Data Analytics & Solutions (DAS) & Business Excellence Specialist, served as a data translator with a strong understanding of commercial business - leveraging experience in brand marketing strategy development and omni-channel B&C sales experience with collaborations across multiple stakeholders. Led DAS team project planning and identified key external best practices to support data-driven business solutions.

- **Marketing Mix Modeling (MMM) – Tylenol, Nicorette, Rogaine & Listerine**

Delivered channel-level ROI insights and optimized marketing plan simulations to enhance budget efficiency and maximize brand performance.

- Led MMM projects for four key brands—Tylenol, Nicorette, Rogaine, and Listerine—coordinating with two modeling agencies and over ten marketing agencies.
- Oversaw data collection and processing in line with agency guidelines, while investigating external factors (e.g., flu incidence rates) and promotional impacts to support accurate modeling.
- Managed the project to run statistical analysis to evaluate the impact of various marketing elements on sales and brand KPIs, enabling data-

based decision making

- Provided investment plan simulations to optimize budget allocation and contributed to long-term brand investment strategy development

- **Revenue Growth Management (RGM) – Must Selling List (MSL)**

Identified high-volume SKUs that form the company's base business and helped design action plans to unlock additional growth opportunities.

- Studied the RGM framework and developed internal training materials to enhance commercial understanding.
- Shared MSL concept and importance with commercial teams, and developed trackable action plans to drive actual uplift
- Led the selection and finalization of MSL, proactively driving alignment and follow-up across stakeholders including Commercial Excellence, Shopper Marketing, Customer Development, and Leadership Team.

- **Revenue Growth Management (RGM) – Listerine Price & Promotion Optimization**

Developed promotion scenarios to maximize NTS uplift and improve TP ROI using NIQ price elasticity analysis.

- Created demand simulation worksheets using Nielsen IQ's price and promotion elasticity data to support strategic decision-making.

- **Brand Health & Funnel Dashboard Session**

Enhanced understanding of brand health and funnel dashboards to enable quantification of marketing activities and support BME investment efficiency analysis.

- Assessed current dashboard usage and researched best practices to identify improvement areas.
- Analyzed low engagement drivers and user pain points. Based on foundational understanding of the marketing funnel, redefined dashboard objectives into two strategic phases: pre-campaign planning and post-campaign evaluation
- Conducted brand health education sessions to increase dashboard engagement
- *Initiated a project to analyze BME investment efficiency using dashboard insights*

- **Review Analysis & Data Translation**

- Conducted review analysis for Listerine Total Care Mild and Mild Taste transition, as well as consumer behavior analysis for Neutrogena's winter campaign and body oil launches
- Facilitated effective communication between brand teams and data engineers, translating insights into actionable business recommendations
- Supported market research on scent preferences in body moisturizers and taste preferences in mouthwash.

Account Manager B&C - SSG & Oliveyoung H&B | Johnson & Johnson; Kenvue
| Seoul, Korea

2025.01 - 2025.07

Expanded role to maximize brand potential in the hand & body category across key online retail channels—achieving significant sales growth in Oliveyoung H&B category—through strategic digital shelf management, targeted promotions, and customer engagement.

- Developed and executed digital shelf strategies for major online channels, optimizing brand and product presentation to drive visibility and sales.
- Solely managed the recruitment, onboarding, and mentorship of an intern, resulting in successful completion of a key account management project and hands-on people management experience.
- Negotiated with customers and retail partners to secure enhanced product exposure and support within the retail environment.- Delivered strong category growth, achieving a total **+58% YoY sales increase** for hand & body brands ('25 May TD).
- Drove Aveeno YTD sales growth of **+17.9%** and increased online sales mix from **21.2% to 25.1% (+3.9%p)** through targeted promotions, special offers, and successful launches such as the Aveeno body wash double pack and community-driven events.
- Achieved Neutrogena body YTD sales growth of **+80.7%** and expanded online sales mix from **13.1% to 19.8% (+6.7%p)** by executing tailored online events and customer engagement activities.

- Led Johnson's YTD sales growth of **+77.9%** and increased online sales mix from **29.6% to 32.2% (+2.6%p)** with focused online promotions and product-specific campaigns.
- **Spearheaded high-impact joint promotions and cross-category collaborations** (e.g., Listerine x OralB, Johnson's x Chupa Chups, Neutrogena x Lindt), securing main rolling banner placements and achieving up to **+103% sales uplift** versus previous collaborations. Enhanced brand visibility and customer engagement through creative campaign concepts aligned with seasonal and category trends.
- Planned and executed a high-impact **Aveeno online brand showcase**, which achieved **#1 ranking in Oliveyoung's body care category** and sold out **within just 3 days**. The campaign featured a **limited-edition online-only gift scheme**, offering a real bathrobe to match the **Wallace & Gromit keyring in bathrobes** included in the on-pack promotion—creating a unique "couple look" concept that resonated strongly with consumers and drove rapid sell-through.

Account Manager B&C - SSG | Johnson & Johnson; Kenvue | Seoul, Korea

2024.07 - 2024.12

Oversaw brand portfolio and executed annual sales strategies, including promotions and collaborations to drive growth on major online platforms. Achieved **+23.6% YoY sales growth** on the SSG channel which made up 45.4% of total Emart sales, despite the overall downturn in the hypermarket sector.

- Organized and led monthly promotional events, joint promotions, and brand collaborations, directly contributing to sales uplift and increased brand exposure.
- Administered the 6PAI framework (assortment, placement, point of purchase, persuasion, pricing & promotion, innovation) for SSG.COM to optimize digital shelf presence.
- Negotiated with platform counterparts to secure premium exposure opportunities.
- **Drove successful cross-functional collaboration projects** with internal and external brands, including planning and executing joint promotions that resulted in significant sales growth and enhanced brand visibility within the online mall.

Associate Brand Manager - Neutrogena Hand & Body | Johnson & Johnson | Seoul, Korea

2023.01 - 2024.06

Led seasonal brand campaigns and digital marketing initiatives, managing an extensive SKU portfolio and cross-functional stakeholder collaboration.

- Directed summer and winter brand campaigns, including claim innovation, digital asset production, and execution across key digital channels.
- Produced educational short-form video content in collaboration with internal and external stakeholders.
- Led entry into new digital gifting channels, overseeing packaging, PDP, and lifestyle content development.
- Managed and analyzed monthly sales data, collaborating with sales teams to identify growth drivers.
- Oversaw 30+ SKUs, maintaining brand identity and coordinating with global and local stakeholders.
- Developed Product Detail Page for Neutrogena's "Rainbath" (3SKU) and "Visibly Renew Body Lotion" through claim innovation, consumer interviews, and review analysis, aligning content with brand strategy and shopper insights

Management Trainee (full-time)- Johnson's Aveeno Baby | Johnson & Johnson | Seoul, Korea

2022.08 - 2022.12

Managed product line projects and digital campaigns, enhancing brand identity and consumer targeting across multiple digital channels.

- Led a key product line project, upgrading product detail pages in collaboration with external agencies.
- Executed digital ad campaigns across various platforms, planning media mix and creating targeted marketing assets.
- Managed 40+ SKUs, building and maintaining brand identity with cross-functional teams.

Marketing Intern - Johnson's & Aveeno Baby | Johnson & Johnson | Seoul, Korea

2022.01 - 2022.07

Supported brand collaboration projects and marketing analysis to strengthen brand equity and drive live commerce performance.

- Initiated and developed a collaboration project within the baby care market, including brand research and proposal creation.
- Upgraded online and offline POSM and produced brand training materials to reinforce brand identity.
- Analyzed live commerce sales drivers and conducted comparative studies on consumer brand awareness pre- and post-campaign.

Education

B.A Cultural Anthropology | Yonsei University | Seoul, Korea

2018.03 - 2023.02

Studied the anthropological approach to society in various forms and the culture of consumption

Award

2025 Kenvue 5P Award - Promotion

SSG collaboration projects with both internal & external brands such as Lindt, Chupa-Chups, Oral-B
